HEALTHY SOLUTIONS

CLEAN by 
Peroxy™

WINTER RINSE FOR FLOORS

Protect your floors, walk-off mats and carpets this winter by neutralizing the ice melt with Clean by Peroxy.

How to Use

- When the ice melt starts flying, mix 2 oz. of Clean by Peroxy for every gallon of water used in your mop bucket, auto-scrubber or extractor.
- Mix Clean by Peroxy in a spray bottle and spray down walk off mats. It will help neutralize the ice melt on people's shoes to stop the ice melt from tracking into your facility.

Multiple Usages

- Carpet extraction cleaner
- Carpet spotter
- Grout cleaner for tile floors
- Wall and hard surface cleaner
